

Mindjet® for iPhone

Now you can have the power of visually connecting ideas and information right at your fingertips. Mindjet for iPhone brings your ideas to life allowing you to create, view, edit, upload and download mind maps anytime, anywhere on your iPhone™ or iPod touch®.

Mindjet for iPhone works with MindManager® for PC, Mac, and Web giving you the ultimate flexibility and allowing you to capture ideas wherever you are. Mindjet for iPhone is essentially a pocket-sized version of the MindManager - built for individuals who want a quick, efficient, and intuitive way to capture and communicate information and ideas as they emerge.

Capture Your Ideas on the Go - Anytime, Anywhere

- Create maps from virtually anywhere to quickly organize and capture information when inspiration strikes. With Mindjet for iPhone managing your projects and ideas is easy.

Free Your Brain from the Mundane

- Don't waste valuable brainpower trying to remember tedious details. Record, capture, and store important tasks, ideas, or notes in your mind map knowing that you can access them when necessary.

Access Information at your Fingertips

- With Mindjet for iPhone, enjoy unfettered access and sensible organization of all your important information - task lists, goals, schedules, plans, and more. Be productive on the train, on the plane, wherever you are, and stay connected to share your maps with others.
