### Work better & faster together

- Collaborate with others on maps in real time, to drive understanding, alignment & buy-in.
- Transform a dynamic brainstorm into an executable strategy in a single team session.
- Save and share maps in Dropbox, Google Drive, OneDrive, or Box.

### Plan & manage masterfully

- Define scope, requirements, and expectations and track progress in one transparent communication.
- View projects by resource, tasks, timeline, Gantt Pro and more for 360-degree visibility into status, red flags and risks.
- Effortlessly balance big-picture project goals with the details that make it all come together.

### Centralize & simplify execution

- Query and visualize information from multiple SharePoint sites in a single dashboard.
- Easily command large amounts of data with powerful search, filtering and indexing tools.
- Connect and correlate files, links, media, notes and more, to create rich, comprehensive, shareable plans and knowledge repositories.
